Accelerate	Mitacs Accelerate supports collaborative R & D projects between domestic or international for-profit companies and approved non-profit organizations, interns, and faculty supervisors at Canadian postsecondary institutions. Provides matching funds (1:1 or better), and one-to-one project development support from Mitacs; projects start at 4-months and can scaled up as much as needed. Mitacs Inspiring Innovation Local contact: Katie Facecchia / (519) 560-1582 / kfacecchia@mitacs.ca
Canada Trade Commissioner Services	Canadian International Innovation Program (CIIP)	The Canadian International Innovation Program (CIIP) fosters and supports collaborative industrial research and development projects with high potential for commercialization between Canada and partner countries. It also stimulates bilateral science and technology networking and matchmaking activities to further new partnerships and accelerate the commercialization of research and development. The CIIP is a “seed fund”, meaning that various other public and private sector participants are also encouraged to bring science and technology expertise and funds of their own to the bilateral relationship. Partner countries are Brazil, China, India, Israel, and South Korea. Canadian International Innovation Program (CIIP) (tradecommissioner.gc.ca) If there is a market you would like to apply to that is not eligible under CIIP, check out https://www.eurekanetwork.org/ as a possible alternative.
Canadian Trade Commissioner Services	CanExport Innovation	The CanExport Innovation program is designed to promote and enhance Canada’s international innovation efforts. The program offers grants and contributions to Canadian organizations to assist them in establishing and formalizing new collaborative research and development (R&D) partnerships with foreign partners or investors. CanExport Innovation is open to small and medium-sized businesses, academic institutions, and non-government research centres. CanExport Innovation (tradecommissioner.gc.ca) CanExport Innovation provides assistance by funding up to 75% of eligible expenses, up to a maximum of \$75,000 for any approved project. Eligible expenses may include international and local travel, accommodation, meals, meeting costs, legal fees to support the formalization of partnership agreements, and other costs related to pursuing international collaboration. Note: CanExport has a suite of other programs for SME’s, Associations and Communities – link => CanExport (tradecommissioner.gc.ca)
Sustainable Development Technology Canada (SDTC)	SD Tech Fund	Grant funding to support late stage development and pre-commercial demonstration of clean technology solution to issues of climate change, clear air, water, soil quality including producing and distributing energy, creating electricity or removing pollutants in certain industry sectors. Requires industry/academic partnership. http://www.sdte.ca/
Canadian Space Agency	Space Technology Development Program (STDP)	STDP is responsible for (1) developing space technologies required to support future Canadian space missions; and (2) strengthening the Canadian space sector through industrial capacity building efforts. The development of space technologies required for future Canadian missions is contracted through a competitive process. For the contracting component of the program, STDP is responsible for providing financial and technical support to Canadian organizations (Industry, Academia, and Not-For-Profit) to perform R&D related to Mission Enabling and Generic Space Technologies. http://www.asc-csa.gc.ca/eng/programs/stdp/default.asp
Consortium for Aerospace Research and Innovation in Canada (CARIC)	Acceleration Innovation Program	Provide flexible coaching services tailored to each Canadian SME in the Aerospace industry to help them develop a more robust R&D and innovation strategy related to a business strategy to help them seize market opportunities. Consortium for Aerospace Research and Innovation in Canada (CARIC) - Aerospace Technology Cluster

Min. of Finance	Co-operative Education Tax Credit	<p>Refundable tax credit for businesses that employ post-secondary students enrolled in a qualifying co-operative program. Maximum credit is \$3,000 per placement. 25-30% of eligible expenditures.</p> <p>http://www.rev.gov.on.ca/en/credit/cetc/</p>
Service Canada	Employment Insurance Work-sharing Program	<p>Work-Sharing (WS) is an adjustment program designed to help employers and employees avoid layoffs when there is a temporary reduction in the normal level of business activity that is beyond the control of the employer. The measure provides income support to employees eligible for Employment Insurance benefits who work a temporarily reduced work week while their employer recovers.</p> <p>https://www.canada.ca/en/employment-social-development/services/work-sharing.html Local Contact: Vivian Whaley viv.whaley@servicecanada.gc.ca , 519-398-0203, 1 800-367-5693</p>
Service Canada	Canada Summer Jobs (CSJ)	<p>The call for applications is now closed. Please mark your calendars to apply in January. The program is left in this document to remind you to apply each year.</p> <p>The program provides wage subsidies to employers with 50 or fewer full-time employees, to create quality summer work experiences for young people aged 15 to 30 years. Not-for-profit employers are eligible to receive funding for up to 100% of the provincial or territorial minimum hourly wage. Public and private sector employers are eligible to receive funding for up to 75% of the provincial or territorial minimum hourly wage. Application period is in January.</p> <p>https://www.canada.ca/en/employment-social-development/services/funding/canada-summer-jobs.html</p>
Government of Canada/Magnet	Discover Ability Network (in association with 12 community and gov't partners)	<p>Discover Ability is a free online portal and resource that connects Ontario businesses directly to people with disabilities. The online portal connects employers directly with persons with disabilities seeking employment, includes a 6-step guide acts as a great resource for employers, and provides answers to any questions employers may have when hiring—and retaining—employees with disabilities.</p> <p>https://discoverability.network/about/</p>

Employment and Social Development Canada (ESDC)/	Programs for hiring students	<p>Some of the ESDC most used programs are described below. For a complete list of programs available with all the Employer Delivery Partners, please go to:</p> <p>https://www.canada.ca/en/employment-social-development/services/student-work-placements-wage-subsidies.html</p>
Employment and Social Development Canada (ESDC)	Student Work Placement Program	<p>The Student Work Placement Program gives post-secondary students in science, technology, engineering, math (STEM) and business programs across Canada paid work experience related to their field of study. Employers can receive:</p> <ul style="list-style-type: none"> • Up to \$5000 for every student hired through the program. • Up to \$7000 for every student hired in their first year or from an under-represented group including women in STEM, persons with disabilities, newcomers, Indigenous students and visible minorities. <p>To apply go to: Find wage subsidies to hire students in STEM or business - Canada.ca and to select an appropriate employer delivery partner.</p>
Employment and Social Development Canada/MLTSD	Temporary Foreign Worker Program/Ontario Immigrant Nominee Program	<p>For employers who have been unable to recruit Canadian citizens or permanent residents for job openings, the TFWP makes it possible to hire workers from abroad. Employers might also find a qualified foreign worker already in Canada, such as a foreign worker who is about to complete a job contract with another employer or a foreign national holding an open work permit that allows the employee to work for any employer in Canada. The link below contains information on the program plus Express Entry, the Global Talent Stream and more. OINP may be able to facilitate.</p> <p>https://www.canada.ca/en/employment-social-development/services/foreign-workers.html Ontario Immigrant Nominee Program (OINP) Ontario.ca or contact Daphne Liu (MLTSD) Email: Daphne.Liu@ontario.ca</p>
Ministry of Labour, Training and Skills Development (MLTSD)	Loans for Tools Program	<p>Provides apprentice with financial assistance to purchase tools. \$400-1,000 (non-repayable grant).</p> <p>Start an apprenticeship Ontario.ca</p>

Employment and Social Development Canada (ESDC)/ Information and Communications Technology Council (ICTC)	WIL Digital Subsidy	ICTC's WIL Digital is an innovative Work Integrated Learning program that helps employers grow their businesses by providing financial assistance for hiring post-secondary students in ICT. Subsidies of 75% of wages paid to a maximum of \$7500 to provide students with meaningful Work Integrated Learning opportunities that develop foundational and entrepreneurship/business skills. This is part of the Student Work Placement Program. For more information visit: https://www.wil-ait.digital/en/
Federal (CRA)	Apprenticeship Job Creation Tax Credit	Provides eligible employers with credit up to a maximum \$2,000 per year per apprentice for red seal designated apprenticeships. For more information visit: https://www.canada.ca/en/revenue-agency/services/tax/individuals/topics/about-your-tax-return/tax-return/completing-a-tax-return/deductions-credits-expenses/line-41200-investment-tax-credit/apprenticeship-job-creation-tax-credit.html
Ministry of Labour, Training and Skills Development/CTMA /APMA	Career Ready	The Canadian Tooling and Machining Association (CTMA), Automotive Parts Manufacturing Association (APMA) and St. Clair College offers a program to help close the skilled trades gap in the Machine, Tool, Die & Mould (MTDM)/auto/advanced manufacturing sector. Eligible employers will receive \$3,000 in funding for each work placement to assist with the cost of hiring students, recent graduates and apprentices. https://www.ctma.com/career-ready https://apma.ca/career-ready/ St. Clair College contact: careercentral@stclaircollege.ca
Federal (CRA)	Canada Recovery Hiring Program NEW!	The Canada Recovery Hiring Program is now open, subsidizing eligible businesses up to 50% of their new staffing costs – whether that means hiring new employees, re-hiring people you had to lay off, or increasing hours for existing staff. The program is similar to the Canada Emergency Wage Subsidy (CEWS), so if you qualified for that, you will likely qualify for CRHP. Since the two programs are both available now, you will be able to apply for whichever program provides a higher subsidy amount. CRA has developed a calculator to help you figure out which program is the best fit for you. Calculate your amount: Canada Recovery Hiring Program (CRHP) - Canada.ca
Ministry of Labour, Training and Skills Development/APMA	Equity, Diversity and Inclusion Fund NEW!	This program helps recruit, train and place workers from underrepresented populations with companies needing employees. Benefit to the employer starts with \$3000 initial wage subsidy while helping address skills shortages. Also support in recruitment and training of candidates. The fund runs from June 1st, 2021 to March 31, 2022 Employers must provide a minimum 6-month placement. https://apma.ca/edi-fund/ Contact: Parm Dhillon, Manager, Corporate Partnerships pdhillon@apma.ca
Ministry of Labour, Training and Skills Development/APMA	Digital Learning Program APMA NEW!	The APMA's Digital Learning Program will give workers the training they need to succeed and provide companies with a competitive edge. The program will provide affordable online upskilling and training for employers and workers looking to keep up with technology-driven changes in the auto industry, and for individuals seeking a career in the sector. The phased rollout of certifications will continue with lean manufacturing, manufacturing quality, leadership and more. Visit https://apma.ca/digital-learning/ for more information.
